

RJPSSs

AIM:- RJPSSs aims to promote high-quality, interdisciplinary research that deepens understanding of social issues and contributes to academic knowledge, public policy, and social development. It serves as a platform for scholars and practitioners to share insights across Economics, Education, Philosophy, Politics and Sociology related fields.

SCOPE:-RJPSSs publishes original research articles, review papers, theoretical studies, and case analyses that contribute to the understanding of human behavior, social institutions, and cultural dynamics. The journal welcomes interdisciplinary and cross-cultural research that bridges gaps between theory and practice. It covers a broad spectrum of disciplines within the social sciences, arts and humanities.

Publication Ethics

Journal Anu Books follows all ethical values to ensure scholarly integrity in an answerable manner, to uphold the trust of forty five years in the research published for public advantage and research development.

Plagiarism

Journal Anu Books is committed to publish original and unpublished material to maintain the integrity of the scientific record. The corresponding author must affirm that all of the other authors have read and approved of the manuscript. All articles submitted to Journal Anu Books are screened for plagiarism using authentic. If an article contains traces of plagiarism. Journal Anu Books will lead and investigation on the matter and will take further action depending on the type of Plagiarism. Duplicate submission/publication: Authors must assure that the manuscript is not being considered for publication in whole or in part elsewhere. Processing on manuscript found to have been published elsewhere or under review will be suspended and authors will suffer sanctions.

Authorship

An Individual who has made considered academic contributions to a scientific investigation, example, one who contributes significantly, to the conception, design, execution, analysis and interpretation of the data, participates in drafting, reviewing or revising the manuscript for intellectual content and approves the manuscript to be published.

If there are multiple authors in an article, one author should be designated as the Corresponding Author. A Corresponding Author assumes overall responsibility for the manuscript, providing significant contribution to the research effort, may not necessarily be the principal investigator or project leader.

All co-authors of a publication are responsible for providing consent authorship to the Corresponding Author, should contribute in the research work, take responsibility for appropriate portions of the content, acknowledging that they have reviewed and approved the manuscript and are responsible for the content of all appropriate portions of the manuscript, including the integrity of any applicable research. Authors may acknowledge those people who helped in research project, such as office staff, editorial assistants, medical writers, or other individual in their acknowledgement. Guest (symbolic), gift (an individual who has not contributed to the research work) and ghost authors are all inconsistent with the definition of authorship, and are unacceptable and a violation of this policy.

Conflict of Interest

A Conflict of Interest exists when judgement regarding the research is influenced by factors such as financial gain or personal relationship. All authors are required to disclose any financial, personal or other associations that may influence or be perceived to influence, their work.

- Authors are responsible for the cases of plagiarism. -
- TURNITIN software was used for plagiarism check.
- Editors and Guest Editors are honorary members and changed from time to time in rotation.
- Journals also available at www.anubooks.com
